

# LONG RANGE TRANSPORTATION PLAN PROJECT SUBMISSION FORM (5 – 10 YEAR PROJECTS)

If your project is part of the FY15 – FY18 Transportation Improvement Program (TIP), the Illinois Department of Transportation Multi-Year Program, or has been programmed with Surface Transportation Urban Funds, you do not have to submit this form. Your project will automatically be included in the Long Range Transportation Plan.

## A. GENERAL INFORMATION

Project Name:

Jurisdiction/Sponsoring Agency:

Is this a joint project with another jurisdiction?

- Yes (Jurisdiction Name):
- No

Project Contact Name:

Address:

Phone:

Email:

Type of Project (Please see the Call for Projects Guidebook for descriptions of each type):

- New Roadway
- Improvement to Existing Roadway
- Transit
- Bicycle and/or Pedestrian Facility
- Management and Operation Program
- Other (specify)

If this is a roadway project, is it a Federal Aid Route?

- Yes
- No

Project Location:

(Please email a map of the project location along with this form)

## B. PROJECT DESCRIPTION

General project narrative and purpose of project:

Anticipated year of implementation:

- Within 5 years
- Within 10 years

What stage is the project in the planning process?

- Conceptual (Unfunded)
- Preliminary (Funding is being sought)
- Phase I Engineering (Underway or complete)
- Phase II Design (Underway or complete)

Was this project included in the 2010-2035 Long Range Transportation Plan? (Please see the list of projects in the Call for Projects Guidebook.)

- Yes
- No

Is this project included in a community comprehensive plan?

- Yes
- No

## C. PROJECT COST

Total construction cost estimate (in 2014/2015 dollars):

Anticipated source of funds for the project:

## D. EXISTING AND FUTURE CONDITIONS

FHWA functional classification of facility:

### Current

- Interstate
- Freeway/Expressway
- Other Principal Arterial
- Minor Arterial
- Major Collector
- Minor Collector

### Future

- Interstate
- Freeway/Expressway
- Other Principal Arterial
- Minor Arterial
- Major Collector
- Minor Collector

Additional planned improvement features:

- Streetscaping
- Sidewalks
- Bike lane or Multi-use path
- Pedestrian/Bicyclist amenities (benches, bump-outs, bicycle racks, water fountains etc.)
- Transit amenities (benches, shelters, etc.)
- Signage/Wayfinding
- Stormwater Best Management Practices (bioswales, rain gardens, planter/tree boxes, permeable pavements, etc.)
- Other (specify):

Is this project located on a current or planned transit route?

- Yes
- No

## E. POLICY GOALS

For further explanation on any of the questions listed below, please see Section IV. A. in the Call for Projects Guidebook.

### Accessibility

Does this project improve access and/or connectivity to a school, hospital, or other major public space?

- Yes
- No

Does this project improve access and/or connectivity to *disadvantaged populations* to a school, hospital, or other major public space?

- Yes
- No

Does this project integrate various transportation modes such as pedestrian, bike, transit, and vehicular traffic?

- Yes
- No

### **Economic Vitality**

Does the project serve as a connector to a regional activity or employment center or improve the movement of workers and shopping patrons?

- Yes
- No

Does the project have elements that improve freight movement throughout the region?

- Yes
- No

### **Public Health**

Does this project have elements that will encourage non-motorized travel?

- Yes
- No

Will the project use strategies to reduce ozone-forming emissions?

- Yes
- No

### **Environment**

Does this project preserve or restore environmentally sensitive lands, cultural resources, and/or rural areas?

- Yes
- No

Does the project include best management practices for stormwater management (bioswales, permeable pavements, planter boxes)?

- Yes
- No

### Safety, Security, and Reliability

Will the project improve safety at this location?

- Yes
- No

Does this project improve the physical condition of the transportation system?

- Yes
- No

### Regional Significance

Does the project connect municipalities or major roads, resulting in efficiency gains and joint cooperation among local agencies?

- Yes
- No

Is the project a supplementary phase of a previously funded STU or other State or Federally funded project?

- Yes
- No

## **F. PROJECT JUSTIFICATION**

Describe your project as it relates to the policy goal questions in Section E. Provide explanation for all questions in which you answered “yes.” Please be thorough but concise.
