**NOTES:**

1) The projects in the state portion of the TIP are the Illinois Department of Transportation's estimate for fiscal year project scheduling and represent an intent to proceed. Impacts on individual project readiness include funding availability, unforeseen events (environmental problems, engineering, land acquisition) and the department's need to retain programmatic flexibility to address changing conditions and priorities on the state highway system.

2) Projects can be moved from Year 2 or 3 of the TIP into Year 1 with the approval of the implementing agency and the PPUATS POLICY COMMITTEE. The implementing agency may elect to change fund type with notification to the PPUATS POLICY COMMITTEE.
